Reference datum
Geographical coordinates have been provided by the NNIT Geospatial Services and are
referred to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees and are
based on the spatial reference data acquired from the various custodians at the time

Use of Coordinates
Where coordinates are used within the description to represent cadastral or topographical
boundaries or the intersection with such, they are intended as a guide only. As an outcome
to the custodians of cadastral and topographic data continuously recalculating the
geographic position of their data based on improved survey and data maintenance
procedures, it is not possible to accurately define such a position other than by detailed
ground survey.

Internal Boundaries

The internal boundaries of this application shall be the boundaries of the areas excluded
from this application as set out below.

The applicants exclude from the area covered by this application any area over which native
title has been extinguished by Common Law or by Statute save except for those areas of
land or waters over which prior extinguishment may be disregarded in accordance with the
provision of either s47, s47A or s47B of the Native Title Act 1993 ("NTA”).

In particular the following are excluded:

Category A: Past acts, as defined in s229 of the NTA including any previous non exclusive
possession Acts which are also a category A past Act; and
Grants or vestings which are "previous exclusive possession Acts" (as defined by s23B of
the NTA) or "category A intermediate period Acts") as defined in s222b of the NTA
attributable to the Commonwealth and such grants or vestings which are attributable to the
State where the State has made provision as mentioned in s23B and s22F of the NTA in
relation to those Acts.

For the avoidance of doubt, the following Acts which occurred on or before the 23rd of
December 1996, where valid (including because of division 2 or 2A of Part 2 of the NTA)
are included or, for present purposes, are to be treated as included in the definition of
"previous exclusive possession Acts", unless excluded from the definition by subsection
23B(9), (9A), (9B), (9C) or (10).

1. The creation or establishment of:
   (i) a permanent public work;
   (ii) a dedicated road;
   (iii) an act of adverse domination where such an act was:
- authorised by valid legislation; or
- authorised or required by the creation of a valid Crown grant, vesting or other interest;

(iv) an unqualified grant of an estate in fee simple.

2. The grant of:-

(i) a schedule of interest (see s249C of the NTA) including an agricultural lease where intensive cultivation of a permanent nature has been carried out and works or structures of permanent nature have been constructed in accordance with the terms and conditions of the lease:

(ii) a residential lease on which a residence has been constructed in accordance with the terms and conditions of the lease (see s249);

(iii) a commercial lease on which permanent works or structures have been constructed in accordance with the terms and conditions of the lease (see s246);

(iv) a lease for the provision of community services or amenities on a town or city on which works or structures of a permanent nature have been constructed in accordance with the terms and conditions of the lease (see s249A).

Witjira National Park

The applicants maintain that the area known as the Witjira National Park being the land the subject of the lease between the Minister for the Environment and Natural Resources in the State of South Australia and Jurrawanyere Aboriginal Corporation dated the 5th of October 1995 is included in the area claimed on the basis that the lease did not extinguish native title on the following grounds:

1. The lease was expressed not to operate as to have any extinguishing effect on the native title rights and interests of Aboriginal people;

2. The lease was granted pursuant to Section 35 of the National Parks and Wildlife Act 1972 and not solely or primarily for any purpose specified in Section 39(11) of Part 5 of Schedule 1 of the Native Title Act;

3. The lease was granted for the purpose of the use and enjoyment by Aboriginal people having traditional association to the Park and other reasons.

SCHEDULE 3: PAYMENTS TO THE NATIVE TITLE PARTIES PURSUANT TO CLAUSE 8

Pursuant to Clause 8 in respect of petroleum operations under a petroleum production licence

Production Payments

1. Tax Invoice for GST component
   Contemporaneously with provision to the Minister of the return required by section 43(4) of the Petroleum Act, the Company shall prepare and provide to the Association a recipient created tax invoice (if the Association is registered for GST purposes and provides its ABN to the Company) or in any other case a copy invoice, relating to the Production Payment payable to the Association pursuant to this Schedule 3.

2. Payment by the Company to the State
   The Company shall, upon provision of the invoice or recipient created tax invoice (as the case may be) pursuant to paragraph 1 of this Schedule 3, pay to the State and the State shall deposit into a trust account maintained by the State for the benefit of the Native Title Party in respect of production of all Petroleum, produced from the Claimed Area pursuant to a Licence, (and as a component of the consideration):
   2.1 Where the relevant Petroleum Production Licence ("PPL") does not incorporate any Other Claimed Land, 1% of the value at the well head of Petroleum produced and sold therefrom; and/or
   2.2 The Parties acknowledge that a PPL granted to the Company in respect of a Petroleum production field may incorporate Other Claimed Land, and in that case acknowledge and agree that the total of 1% of the value at the well head of Petroleum produced and sold therefrom shall be shared between the Native Title Party and Other Claimants whose claim area is located within the PPL area.

3. Calculations to follow Petroleum Act
   3.1 Value at the well head of Petroleum produced and sold is to be calculated in the same way that "value at the well head of Petroleum" is calculated pursuant to section 43(8) of the Petroleum Act (as at the date hereof) where the sale price is bona fide and to an arms length purchaser PROVIDED that the "Guidelines for Payment of Royalty and Provision of Information" issued by the Department of Primary Industries and Resources of South Australia from time to time (a copy of the current version of which is annexed to this Schedule 3) shall be applied mutatis mutandis as if the reference to the royalty rate of 10% therein were a reference to 1%.
   3.2 In calculating the value of Petroleum at the well head neither the Production Payment nor the statutory royalty payable to the State under the Petroleum Act shall be treated as a deduction or outgoing to any extent.

4. Good and Services Tax
   4.1 Acknowledgement
   The parties acknowledge that the payments referred to in clause 8 and in this Schedule 3 have been calculated on a GST exclusive basis.
4.2 **GST Gross-Up**

Where any payment to be made by the Company under clause 8 and in this Schedule 3 of this Deed ("Payment") constitutes consideration for a taxable supply by the Native Title Party:

(a) the amount of the Payment shall be increased by, and the Company shall pay, an additional amount calculated by multiplying the amount of the Payment by the Prevailing GST Rate; and

(b) the Company must pay that additional amount at the same time and in the same manner as the Payment to which it relates

**PROVIDED THAT** the Company need not pay the additional amount unless and until the Association has given the Company a tax invoice sufficient to enable the Company to claim any input tax credit to which it may be entitled in respect of the taxable supply.

4.3 **Interpretation**

(a) in this clause, the expression "Prevailing GST Rate" in relation to a particular taxable supply, means the rate (expressed as a percentage of GST exclusive price) at which GST is imposed on that taxable supply; and

(b) a word or expression used in this clause which is defined in the *A New Tax System (Goods and Services Tax) Act 1999* (Commonwealth) has the same meaning in this clause.
Guidelines for Payment of Royalty and Provision of Information issued by the Department of Primary Industries and Resources of South Australia

(2) Calculation of Royalty

The Licensee shall pay royalty at a rate of ten (10) per centum of the value at the wellhead of the substance which shall be an amount calculated by taking the amount that could reasonably be realised on sale of the substance to a genuine purchaser at arms length from the Producer (excluding any Goods and Services Tax(GST) component) (“arms length sales value” (as defined in clause (3)(a)(i) and subtracting therefrom all reasonable expenses reasonably incurred by the Producer (all excluding any GST component) in treating, processing or refining the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser, which expenses shall be the following sums:

(a)  a sum calculated by writing off on a straight line basis together with interest on the written down value at the rate provided in clause (3)(c), over a period of ten (10) years commencing from the month the expense was incurred (or such lesser period as may be determined as being the life of the field) the actual capital expenses incurred by the Producer in respect of all plant used for the purposes of treating, processing or refining of the substance prior to delivery (but not upstream of the wellhead) or in transporting the substance to the point of delivery to the purchaser provided however that if any item of such plant is sold prior to being fully depreciated, the amount obtained upon such sale shall be deducted from the written down value of such item for the purposes of calculating the deduction, but not so as to reduce the written down value below zero.

(b)  a sum being expenses actually incurred by the Producer in respect of persons not employed on site by the Producer but whose employment functions directly relate to relevant treating, processing or refining of the substance prior to delivery (but not upstream of the wellhead) or in transporting the substance to the point of delivery to the purchaser.

(c)  a sum being expenses (other than expenses upstream of the wellhead) actually incurred by the Producer or some one or more of them in respect of operating costs related to treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser, including but not limited to the amount of any licence fees payable in respect of any production licence, associated facilities licence or pipeline licence, provided however that:

(i)  The amount of such deduction will be reduced by the amount obtained upon the sale of any item of plant which has not been depreciated or which has been fully depreciated, but not so as to reduce the deduction below zero,

(ii)  If any such expenses are incurred pursuant to any agreement which is
Schedule 3 – Guidelines for payment of Royalty Provision of Information

not bona fide or arms length, such expenses (or part thereof) shall not be deducted; and

(iii) Any expenses allowed as a deduction under clause (2)(a) or (2)(b) or (2)(d),

(d) a sum being expenses (other than expenses upstream of the wellhead) actually incurred by the Producer pursuant to a bona fide arms length agreement to lease any plant used for the purposes of treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser provided however that any such expenses in any one calendar year which is in excess of:

(i) in the calendar year 200... - the sum of $...............; or

(ii) in all subsequent calendar years, the sum of $............... increased by the same percentage as the percentage increase in the Consumer Price Index (All Groups) for the City of Adelaide ("CPI") from the CPI in the calendar year 200... to the CPI in the relevant year

shall not be deductible,

(e) a sum being the actual expenses (other than expenses upstream of the wellhead) incurred by the Producer in rehabilitating the ground surface and site of plant and the actual expenses incurred in dismantling, removing or abandoning of such plant less any salvage obtained thereon where such plant is used for the purposes of treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser and the actual expenses incurred in rehabilitating the ground surface and site of a well of the type described in clause (3)(b) and the actual expenses incurred in abandoning such well but not including any costs incurred as a result of the loss of control of any well.

(3) Further provisions regarding calculation of Royalty

(a) For the purposes of clause (2):-

(i) in each month the arms length sales value of the substance means the value of the actual sales in respect of the substance described in clause (1) in that month provided however that if any substance is not supplied to a bona fide arms length purchaser, not sold for full market value, or returned to a natural reservoir for later production, destroyed, dissipated or used by the Producer not in accordance with Section 43(3) of the Act, the gross sales value of such substance shall be the amount which would have been received in respect of such substance from a bona fide arms length purchaser for full market value;

(ii) the term “plant” includes but is not limited to:

(A) Any machinery, equipment, vehicle, implement, tool, article, vessel, pit, building, structure, improvement or other such property used in, or in connection with, treating processing or refining of the substance prior to the delivery or in transporting the substance to the point of delivery to the purchaser; or

(B) Any pipeline;

And
(iii) "wellhead" means the casing head and includes any casing hanger or spool, or tubing hanger, and any flow control equipment up to and including the wing valves.

(b) Non Producing Wells

The capital expenditure referred to in clause (2)(a) may include the actual capital expenditure incurred by the Producer in respect of wells used solely for the purpose of assisting or enhancing the recovery of the substance from other wells or for the purposes of storing the substance or for the recovery or disposal of water used in connection with treating processing or refining of the substance prior to delivery or for any similar purpose other than the production of the substance and may also include the actual capital expenditure incurred by the Producer in converting a well used for the production of the substance to a well used for such other purpose.

(c) Interest Rate

For the purpose of clause (2)(a), the interest rate shall be one half of the long term Australian Government Bond Rate for bonds of a 10 year term as published at the end of the month in which the capital expenditure was made. If no such rate is in existence or published at the end of such period then the interest rate for the purposes of clause (2)(a) shall be one half of the average of the long term Australian Government Bond Rate for bonds of a 10 year term prevailing during the period of 5 years preceding the date on which such rate ceased to exist or be published.

(d) Apportionment of Expenses

Where an item of plant is used partly for the purposes of treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser, and partly for some other purpose, the amount of the deduction (whether for capital or operating expenditure) which shall be allowed shall not include the proportion of the actual capital or operating expenditure applicable to that other purpose.

(e) Sale of Plan

Notwithstanding the provisions of clause (2), if an item of plant is sold by a Producer ("the first Producer") to another Producer, or to a company that becomes a successor or assign of the first Producer ("the second Producer"), the second Producer may only depreciate the plant to the extent to which the first Producer was, immediately before the time of sale, entitled to depreciate the plant.

(f) Take or Pay

For the purposes of this clause and of calculating the gross sales value of the substance, where the Producer enters into an agreement commonly known as a take or pay agreement, any payment received by the Producer in respect of petroleum which has been paid for but not been taken shall be treated as part of the gross sales value of the substance at the time of receipt of payment by such Producer and not at any other time.

(g) Tolling

(i) If the Producer receives any revenue from the use of any plant
downstream of the wellhead used for treating processing or refining the substance sourced from anywhere within the area from time to time comprised in Exploration Licence.... or any Production Licence issued from an area which was comprised in Exploration Licence.... Immediately prior to the time such Production Licence was issued, or in transporting such substance to the point of delivery to the purchaser such revenue shall be deemed to be part of the bona fide sales value of the substance to the intent that royalty shall be payable thereon.

(ii) Any sums, being sums deemed under clause (3)(g)(i) to be part of the bona fide value of the substances, paid by the Producer in respect of the use of such plant for treating processing or refining such substance or in transporting such substance to the point of delivery to the purchaser shall be deemed to be an expense under clause (2)⁹.

(iii) If any such plant is used for treating processing of refining of the substance sourced from outside of the area referred to in clause (3)(g)(i) or in transporting such substance to the point of delivery to the purchaser any amounts which may be claimed as deductions under this clause (whether such deductions be by way of operating expenditure or capital expenditure) in respect of such plant shall be reduced by the proportion which would be obtained by the method of apportioning costs used by the Producer to ascertain the tolling fee, but any revenue received by the Producer for the use of such plant for the treating, processing or refining of such substance prior to delivery or in transporting the substance to the point of delivery to the purchaser shall not be deemed to be part of the gross sales value of the substance.

(4) Royalty Returns

(a) Not later than thirty (30) days after the conclusion of each calendar month, the Licensee will calculate and notify to the Minister the royalty, calculated by taking the bona fide sales value of the substance sold in that month, and deducting therefrom the most recent estimated monthly expenditure provided under clause (4)(c), payable by each Licensee. The Licensee shall with each such notification provide the Minister with a statement, in a form approved by the Minister, advising of the quantity of the substance sold and the amount realised upon such sale during the last preceding month, together with such other information as the Minister may require.

(b) The Licensees shall not later than thirty (30) days after the conclusion of each calendar month pay to the Minister the amount of royalty specified in the notice referred to in clause (4)(a) as payable.

(c) On or before each 15th March (in respect of the next succeeding twelve (12) month period commencing 1st July), the Licensee shall bona fide estimate the sales volume of the substance, the sales value of the substance, the allowable deductions apportioned between capital and operational deductions and hence calculate the estimated royalty payable for the next succeeding twelve (12) month period and shall provide the Minister with such estimates, together with the apportionment thereof on a monthly basis. A review of such
forecast will be required if significant change to the forecast is evident. The Licensee will be required to provide a bona fide forecast as necessary for up to a period of 5 financial years including detail as referred to above but excluding a monthly apportionment for all but the preceding twelve (12) month period.

(d) Not later than thirty (30) days after the completion of each twelve (12) month period concluding on each 30th June the Licensee shall reconcile the estimated expenditure with the actual expenditure and reconcile all calculations of royalties and shall provide the Minister within the said period of 3 days with copies of such reconciliations, together with a notice advising the Minister of any additional royalty calculated in accordance with the reconciliations as payable by each Licensee. (b) "Adjustment Note", "GST", "Price", "Supply" "Tax Invoice" and "Taxable Supply" have the same meanings as ascribed to those terms from time to time in the GST Act;

(c) "GST Act" means the A New Tax System (Goods and Services Tax) Act 1999 and as that Act is varied in its effect on an event, matter, thing, agreement, transaction or the like by the A New Tax System (Goods and Services Tax Transition) Act 1999.
24. Dispute Resolution

24.1 Guiding Principle
The parties agree that every effort should be made to ensure that disputes do not arise and that if a dispute does occur the parties should make every reasonable effort to resolve the dispute without recourse to this clause.

24.2 Priority of Procedures
Unless otherwise provided in this Schedule, if a dispute arises between the parties concerning this Schedule no party may commence any court proceedings relating to the dispute unless it has complied with the following paragraphs of this clause, except where the party seeks urgent interlocutory relief.

24.3 Notice of Dispute
Any party claiming that a dispute has arisen under this Schedule between the Company and either or both of the Native Title Party and the Association ("Complainant") must give written notice ("Notice of Dispute") to the other parties ("Respondent"). The notice must adequately identify and provide details of the dispute and refer to any documentary evidence of the matters claimed in the dispute and designate a senior representative of the Complainant who has the authority to negotiate and settle the dispute.

24.4 Response to Dispute
Within fourteen (14) days after Respondent receives the Notice of Dispute, the Respondent must give written notice to the Complainant. That notice must adequately define the Respondent’s response to the dispute and provide details and refer to any documentary evidence in support of its response to the dispute and designate a senior representative for each Respondent who has the authority to negotiate and settle the dispute.

24.5 Negotiations
Senior representatives designated pursuant to the preceding paragraphs of this clause must, within ten (10) days (or within such further period as the senior representatives may agree is appropriate) after the receipt of the notice referred to in clause 24.4 investigate, negotiate and endeavour to settle the dispute.

   (1) the parties’ intentions in this Schedule for the preservation and protection of the Aboriginal tradition of the Native Title Party; and
   (2) the statutory obligations and commercial imperatives of the Company.

(d) If within one (1) month after the date of the mediator’s appointment, mediation has not taken place, or has failed to resolve the dispute, or in the event no mediator has been appointed within one (1) month of the Notice of Dispute, then any of the parties may by notice terminate the mediation process and may seek such remedies as they decide.

(e) Any date or period of time referred to in this clause may be varied or amended by agreement between the parties.

(f) None of the parties may commence court proceedings or arbitration concerning this Schedule unless it has first complied with the dispute resolution provisions contained in this clause. The parties agree that this Schedule may be pleaded as a bar to any court action commenced prior to termination of the mediation process other than an application for urgent interlocutory itself.

(g) In any case, each party shall bear its own costs for the mediation.

24.7 Without Prejudice

The parties acknowledge that the purpose of any exchange of information or documents or the making of any offer of settlement pursuant to this clause is an attempt to settle the dispute between the parties. No party may use any information or documents obtained through the dispute resolution process established by this clause for any other purpose.

25. Cessation of Activities

25.1 The Company shall notify the Native Title Party one (1) month prior to any surrender of a Licence in respect of the Licence Area pursuant to the Petroleum Act.

25.2 A surrender under clause 25.1 is effective on and from the time when the Licence is effectively surrendered in respect of the Licence Area pursuant to the Petroleum Act.

If in the course of the mediation the mediator becomes aware of any circumstances that might reasonably be considered to affect the mediator’s capacity to act impartially, the mediator must immediately inform the parties of those circumstances.

3. Co-Operation
   The parties must cooperate in good faith with the mediator and each other during the mediation.

4. Conduct of Preliminary Conference
   As part of the mediation, the mediator will establish a preliminary conference at a time and venue convenient to the parties to establish a timetable for mediation.

5. The parties must attend the mediation with authority to settle within any range that can reasonably be anticipated. At the mediation each party may have one or more other persons including legally qualified persons to assist and advise them.

6. Communications between Mediator and Parties
   Any information disclosed to a mediator in private is to be treated as confidential by the mediator unless the party making the disclosure states otherwise.

7. Confidentiality of the Mediation
   The parties and the mediator will not disclose to anyone not involved in the mediation any information or document given to them during the mediation unless required by law to make such disclosure.

8. The parties and the mediator agree that other than in the course of enforcement of the settlement agreement for the dispute by judicial proceedings, the following will be privileged and will not be disclosed in or be the subject of a subpoena to give evidence or to produce documents in any proceedings in respect of the Dispute:

   8.1 any settlement proposal whether made by a party or the mediator;
   8.2 the willingness of a party to consider any such proposal;
   8.3 any statement made by a party or the mediator during the mediation; and
   8.4 any information prepared for the mediation.
9. **Termination of the Mediation**
   A party may terminate the mediation at any time after consultation with the mediator.

10. **Settlement of the Dispute**
    If settlement is reached at the mediation, the terms of the settlement must be written down and signed by the parties before they leave the mediation.

11. **Enforcement of the Settlement Agreement**
    Any party may enforce the terms of the settlement agreement by judicial proceedings. Any party may call evidence:
    
    11.1 for the purposes of this clause; and

12. **Exclusion of Liability**
    The parties acknowledge that any mediator appointed will not be liable to them for any act or omission in the performance of the mediator’s obligations under this Deed. The parties undertake to indemnify the mediator against any claim resulting from any act or omission in the mediator’s bona fide performance of the mediator’s obligations under this Deed.

13. **Costs**
