12.4 In the event that the Licensees expenditure on Eligible Activity within the Group Subject Area during the Term of this Licence is in excess of the Overall Expenditure Target, the Licensees shall be allowed to carry forward any excess expenditure, and such excess expenditure may be credited against the Overall Expenditure Target required on Eligible Activity in any succeeding renewal of the Group Subject Area licences.

12.5 In satisfying its obligations in clause 12.1, the Licensees will have the right to determine in their absolute discretion the areas in which the Eligible Activity is undertaken within the Group Subject Area.

12.6 In the event that expenditure by the Licensees on Eligible Activity on or in respect of the Group Subject Area during the Term is less than the Overall Expenditure Target:

(a) the Licensees will not be liable to pay the Minister any compensation in respect of loss or damage as a result of such shortfall (Shortfall) nor will the Licence, subject to the requirements of the Act, be subject to cancellation or variation as a result of the Shortfall (and the Minister releases the Licensees from any liability which the Licensees may otherwise have to the Minister for the Shortfall);

(b) the Shortfall shall not constitute a breach of the licence conditions; and

(c) the sole consequence of the Shortfall will be as provided in clause 12.3.

12.7 The Licensees will have the right to put a proposal in writing to the Minister which nominates the areas which are to be surrendered from the Group Subject Area in satisfaction of its obligation under clause 12.3 and, in that event, the Minister may accept the proposal in accordance with Section 89 of the Act.

13. **ADDITIONAL SURRENDER**

The Licensees may apply to surrender areas from this Licence from time to time throughout the Term in excess of those required to satisfy any surrender obligations arising under clause 12.3 by application to the Minister in accordance with Section 89 of the Act.
14. ACCOUNTS

The Licensees shall within three (3) months of the end of the Term provide to the Minister audited accounts of their expenditure on Eligible Activity in respect of the Group Subject Area during the preceding Term.

15. CONFIGURATION OF SURRENDERED AREAS

The Licensees must ensure that in submitting an application for surrender pursuant to this Licence that the location of the area or areas applied for to be surrendered shall comprise where technically feasible and having regard to good oil and gas field practice the least number of separate areas or area, and of dimensions reasonably suitable for offering as exploration licences to a third party.

16. DIVESTMENT OF PETROLEUM RETENTION LICENCES

If:

16.1 the Licensees apply for an assignment of a Petroleum Retention Licence which is comprised within the Group Subject Area (Group Area Licence) pursuant to Section 114 of the Act, with the effect of the proposed assignment being the Licensees will no longer be licensees of the Group Area Licence;

16.2 the incoming assignee (New Participant) has agreed in writing to be bound by the expenditure target set out in clause 12.1 and the surrender undertaking set out in clause 12.3 in respect of the Group Area Licence (separate from the Group Subject Area); and

16.3 the assignment to the New Participant is approved by the Minister pursuant to the Act;

then the Group Area Licence will cease to form part of the Group Subject Area for the purpose of this Licence from the date on which the assignment of the interest from the Licensees is approved and registered by the Minister pursuant to Section 113 of the Act.

17. EFFECT OF A PETROLEUM PRODUCTION LICENCE BEING GRANTED

If a petroleum production licence is granted to the Licensees pursuant to the Act in respect of part only of the Licence Area, then the area of the production licence granted is excised from the Licence Area and this Licence continues in respect of the reduced area.

18. TERMINATION

This Licence may be suspended or cancelled in accordance with the Act.

19. FORCE MAJEURE

19.1 Where the Licensees are unable to perform (or cause to be performed) planned Eligible Activity in all or part(s) of the Group Subject Area during
the Term by reason of a Force Majeure Event, then the Licensees may notify the Minister in writing of the occurrence of that Force Majeure Event and seek a proportional reduction in the Overall Expenditure Target.

19.2 If the Licensees issue a notice pursuant to clause 19.1, then the Minister may request such further information as the Minister requires in order to make a determination under this clause 19.

19.3 Provided that the Minister is satisfied that a reduction in the Overall Expenditure Target is not unreasonable in the circumstances (having regard to the nature of the event, its duration, the area affected and the impact on planned Eligible Activities and all other relevant matters) then the Minister will grant a reduction in the Overall Expenditure and will notify the Licensees in writing.

19.4 The Minister will keep a record of the duration (in days) of all sub-areas of the Group Subject Area that are agreed to be affected by a Force Majeure Event during which the Licensees are unable to perform (or cause to be performed) planned Eligible Activities.

19.5 The Licensees must:

(a) use all reasonable endeavours to work around or overcome the effect of the Force Majeure Event;

(b) keep the Minister informed of the continuation and expected duration of the Force Majeure Event and of measures taken to comply with this condition; and

(c) recommence performance of their obligations as soon as possible without delay after the Force Majeure Event has ceased to exist.

RECITALS

WHEREAS:

A. The Grantee Party has lodged an application for grant of an exploration licence under the Petroleum Act in respect of the Cooper Basin block described in Schedule 1 (which includes land the subject of the Native Title Application) and seeks the issue of a Licence pursuant to the Petroleum Act.

B. If the grant of the Licence affects native title it will be a future act as defined in the Native Title Act.

C. The Government Party has given notice of its intention to grant the Licence in accordance with section 29 of the Native Title Act. The Government Party and the Grantee Party want certainty as to the validity of the grant of the Licence in accordance with Division 3 of Part 2 of the Native Title Act and the parties have entered into this Deed for the purpose of ensuring the validity of the Licence under the Native Title Act.

D. The Native Title Party has filed the Native Title Application under section 13(1) of the Native Title Act, in respect of the Claimed Land.

E. The Negotiation Parties have negotiated in good faith under Subdivision P of Division 3 of Part 2 of the Native Title Act in relation to the Government Party's intention to grant the Licence.

F. The issuing of the Licence is subject to the non-extinguishment principle, as defined in section 238 of the Native Title Act.

G. If the Licence is issued to the Grantee Party in accordance with the Petroleum Act it is the intention of the parties that the grant of the Licence, and any work done pursuant to it, affects any native title rights and interests held by the Native Title Party, if at all, only to the extent necessary for the grant of the Licence and carrying out work pursuant to it, and it is the further intention of the parties that in any event, the grant of the Licence and activities under it will not extinguish or permanently affect such rights and interests.

H. Following negotiations in good faith between the Negotiation Parties, the Native Title Party has agreed to the grant of the Licence to the Grantee Party consequent upon the execution of this Deed.

I. The Native Title Claim Group (which includes the registered native title claimants) resolved on the 12th day of June 2001 to incorporate under the Aboriginal Councils and Associations Act 1976 (Commonwealth). On the 2nd day of August 2001 the Registrar of Aboriginal Corporations incorporated the Native Title Claim Group as the Yandruwandha Yawarrawarrka Traditional Land Owners (Aboriginal Corporation) pursuant to the Aboriginal Councils and Associations Act 1976 (Commonwealth).

J. The Government Party, the Native Title Party and the Grantee Party, all having negotiated in good faith have agreed for the better management of interaction between them hereafter and for the purpose of more efficiently managing certain administrative functions under this Deed.
for the benefit of the Native Title Party as are more specifically set out in this Deed, to include the Association as a party to this Deed.

SCHEDULE 3: PAYMENTS TO THE ASSOCIATION

PURSUANT TO CLAUSE 7 IN
RESPECT OF PETROLEUM OPERATIONS UNDER A
PETROLEUM PRODUCTION LICENCE

Production Payments

1. **Tax Invoice for GST component**

   Contemporaneously with provision to the Minister of the return required by section 43(4) of the Petroleum Act the Grantee Party shall provide to the Association a draft form of tax invoice containing sufficient particulars to enable the Association to deliver an accurate tax invoice to the Grantee Party for the purposes of this provision.

2. **Payment by Grantee Party to State**

   The Grantee Party shall, upon receipt of an invoice, which if the Association is making a taxable supply, must also be a tax invoice or must be accompanied by a tax invoice from the Association, pay to the State and the State shall deposit into a trust account maintained by the State for the benefit of the Association in respect of the production of all Petroleum from the Claimed Land and pursuant to a Licence, as a component of the consideration, 1% of the value at the well head of Petroleum produced and sold.

3. **Calculations to follow Petroleum Act**

   Value at the well head of Petroleum produced and sold is to be calculated in the same way that 'value at the well head of Petroleum' is calculated pursuant to section 43(8) of the Petroleum Act (as at the date hereof) where the sale price is bona fide and to an arms length purchaser PROVIDED that the 'Guidelines for Payment of Royalty and Provision of Information' issued by the Department of Primary Industries and Resources of South Australia from time to time (a copy of the current version of which is annexed to this Schedule 3) shall be applied *mutatis mutandis* as if the reference to the royalty rate of 10% therein were a reference to 1%.

   In calculating the value of Petroleum at the well head the Production Payment shall not be treated as a deduction or outgoing to any extent.

4. **Goods and Services Tax**

4.1 **Acknowledgement**

   The parties acknowledge that the payments referred to in clause 7 and in this Schedule 3 have been calculated on a GST exclusive basis.
4.2 GST Gross-Up

Where any payment to be made by the Grantee Party under clause 7 and in this Schedule 3 of this Deed ("Payment") constitutes consideration for a taxable supply by the Association:

(a) the amount of the Payment shall be increased by, and the Grantee Party shall pay, an additional amount calculated by multiplying the amount of the Payment by the Prevailing GST Rate; and

(b) the Grantee Party must pay that additional amount at the same time and in the same manner as the Payment to which it relates

PROVIDED THAT the Grantee Party need not pay the additional amount unless and until the Association has given the Grantee Party a tax invoice sufficient to enable the Grantee Party to claim any input tax credit to which it may be entitled in respect of the taxable supply.

4.3 Interpretation

(a) In this clause, the expression 'Prevailing GST Rate', in relation to a particular taxable supply, means the rate (expressed as a percentage of GST exclusive price) at which GST is imposed on that taxable supply; and

(b) A word or expression used in this clause which is defined in the *A New Tax System (Goods and Services Tax) Act 1999 (Commonwealth)* has the same meaning in this clause.
Guidelines for Payment of Royalty and Provision of Information issued by the Department of Primary Industries and Resources of South Australia

PETROLEUM ACT 2000

PRODUCTION LICENCE ............

GUIDELINES FOR PAYMENT OF ROYALTY
AND PROVISION OF INFORMATION

(1) Payment of Royalty

The Licensee shall pay royalty in respect of all regulated substance ('substance') recovered from Production Licence .......... other than a substance described in Section 43(3)(a) of the Petroleum Act 2000 ('The Act').

(2) Calculation of Royalty

The Licensee shall pay royalty at a rate of ten (10) percentum of the value at the wellhead of the substance which shall be an amount calculated by taking the amount that could reasonably be realised on sale of the substance to a genuine purchaser at arms length from the Producer (excluding any Goods and Services Tax (GST) component) ('arms length sales value') (as defined in clause (3)(a)(i)) and subtracting therefrom all reasonable expenses reasonably incurred by the Producer (all excluding any GST component) in treating, processing or refining the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser, which expenses shall be the following sums:

(a) a sum calculated by writing off on a straight line basis together with interest on the written down value at the rate provided in clause (3)(c), over a period of ten (10) years commencing from the month the expense was incurred (or such lesser period as may be determined as being the life of the field) the actual capital expenses incurred by the Producer in respect of all plant used for the purposes of treating, processing or refining of the substance prior to delivery (but not upstream of the wellhead) or in transporting the substance to the point of delivery to the purchaser provided however that if any item of such plant is sold prior to being fully depreciated, the amount obtained upon such sale shall be deducted from the written down value of such item for the purposes of calculating the deduction, but not so as to reduce the written down value below zero;

(b) a sum being expenses actually incurred by the Producer in respect of persons not employed on site by the Producer but whose employment functions directly relate to relevant treating, processing or refining of the substance prior to delivery (but not upstream of the wellhead) or in transporting the substance to the point of delivery to the purchaser;

(c) a sum being expenses (other than expenses upstream of the wellhead) actually incurred by the Producer or some one or more of them in respect of operating costs related to treating, processing or refining of the substance prior to delivery or in
transporting the substance to the point of delivery to the purchaser, including but not limited to the amount of any licence fees payable in respect of any production licence, associated facilities licence or pipeline licence, provided however that:

(i) the amount of such deduction will be reduced by the amount obtained upon the sale of any item of plant which has not been depreciated or which has been fully depreciated, but not so as to reduce the deduction below zero,

(ii) if any such expenses are incurred pursuant to any agreement which is not bona fide or arms length, such expenses (or part thereof) shall not be deducted, and

(iii) any expenses allowed as a deduction under clause (2)(c) shall not include any expenditure provided for in clause (2)(a) or (2)(b) or (2)(d),

(d) a sum being expenses (other than expenses upstream of the wellhead) actually incurred by the Producer pursuant to a bona fide arms length agreement to lease any plant used for the purposes of treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser provided however that any such expenses in any one calendar year which is in excess of:

(A) in the calendar year 200.. – the sum of $............; or

(B) in all subsequent calendar years, the sum of $................. increased by the same percentage as the percentage increase in the Consumer Price Index (All Groups) for the City of Adelaide ('CPI') from the CPI in the calendar year 200.. to the CPI in the relevant year shall not be deductible,

(e) a sum being the actual expenses (other than expenses upstream of the wellhead) incurred by the Producer in rehabilitating the ground surface and site of plant and the actual expenses incurred in dismantling, removing or abandoning of such plant less any salvage obtained thereon where such plant is used for the purposes of treating processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser and the actual expenses incurred in rehabilitating the ground surface and site of a well of the type described in clause (3)(b) and the actual expenses incurred in abandoning such well but not including any costs incurred as a result of the loss of control of any well.

(3) Further provisions regarding calculation of Royalty

(a) For the purposes of clause (2):-

(i) in each month the arms length sales value of the substance means the value of the actual sales in respect of the substance described in clause (1) in that month provided however that if any substance is not supplied to a bona fide arms length purchaser, not sold for full market value, or returned to a natural reservoir for later production, destroyed, dissipated or used by the Producer not in accordance with Section 43(3) of the Act, the gross sales value of such substance shall be the amount which would have been received in respect of
such substance from a *bona fide* arms length purchaser for full market value;

(ii) the term 'plant' includes but is not limited to:

(A) any machinery, equipment, vehicle, implement, tool, article, vessel, pit, building, structure, improvement or other such property used in, or in connection with, treating processing or refining of the substance prior to the delivery or in transporting the substance to the point of delivery to the purchaser; or

(B) any pipeline;

and

(iii) 'wellhead' means the casing head and includes any casing hanger or spool, or tubing hanger, and any flow control equipment up to and including the wing valves.

(b) **Non Producing Wells**

The capital expenditure referred to in clause (2)(a) may include the actual capital expenditure incurred by the Producer in respect of wells used solely for the purpose of assisting or enhancing the recovery of the substance from other wells or for the purposes of storing the substance or for the recovery of disposal of water used in connection with treating processing or refining of the substance prior to delivery or for any similar purpose other than the production of the substance and may also include the actual capital expenditure incurred by the Producer in converting a well used for the production of the substance to a well used for such other purposes.

(c) **Interest Rate**

For the purpose of clause (2)(a) the interest rate shall be one half of the long term Australian Government Bond Rate for bonds of a 10 year term as published at the end of the month in which the capital expenditure was made. If no such rate is in existence or published at the end of such period then the interest rate for the purposes of clause (2)(a) shall be one half of the average of the long term Australian Government Bond Rate for bonds of a 10 year term prevailing during the period of 5 years preceding the date on which such rate ceased to exist or be published.

(d) **Apportionment of Expenses**

Where an item of plant is used partly for the purposes of treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser, and partly for some other purpose, the amount of the deduction (whether for capital or operating expenditure) which shall be allowed shall not include the proportion of the actual capital or operating expenditure applicable to that other purpose.
(e) Sale of Plant

Notwithstanding the provisions of clause (2), if an item of plant is sold by a Producer ('the first Producer') to another Producer, or to a company that becomes a successor or assign of the first Producer ('the second Producer'), the second Producer may only depreciate the plant to the extent to which the first Producer was, immediately before the time of sale, entitled to depreciate the plant.

(f) Take or Pay

For the purposes of this clause and of calculating the gross sales value of the substance, where the Producer enters into an agreement commonly known as a take or pay agreement, any payment received by the Producer in respect of petroleum which has been paid for but not been taken shall be treated as part of the gross sales value of the substance at the time of receipt of payment by such Producer and not at any other time.

(g) Tolling

(i) If the Producer receives any revenue from the use of any plant downstream of the wellhead used for treating processing or refining the substance sourced from anywhere within the area from time to time comprised in Exploration Licence ... or any Production Licence issued from an area which was comprised in Exploration Licence ... immediately prior to the time such Production Licence was issued, or in transporting such substance to the point of delivery to the purchaser such revenue shall be deemed to be part of the bona fide sales value of the substance to the intent that royalty shall be payable thereon.

(ii) Any sums, being sums deemed under clause (3)(g)(i) to be part of the bona fide value of the substances, paid by the Producer in respect of the use of such plant for treating processing or refining such substance or in transporting such substance to the point of delivery to the purchaser shall be deemed to be an expense under clause (2)(c).

(iii) If any such plant is used for treating processing or refining of the substance sourced from outside of the areas referred to in clause (3)(g)(i) or in transporting such substance to the point of delivery to the purchaser any amounts which may be claimed as deductions under this clause (whether such deductions be by way of operating expenditure or capital expenditure) in respect of such plant shall be reduced by the proportion which would be obtained by the method of apportioning costs used by the Producer to ascertain the tolling fee, but any revenue received by the Producer for the use of such plant for the treating, processing or refining of such substance prior to delivery or in transporting the substance to the point of delivery to the purchaser shall not be deemed to part of the gross sales value of the substance.
(4) Royalty Returns

(a) Not later than thirty (30) days after the conclusion of each calendar month the Licensee will calculate and notify to the Minister the royalty, calculated by taking the \textit{bona fide} sales value of the substance sold in that month, and deducting therefrom the most recent estimated monthly expenditure provided under clause (4)(c), payable by each Licensee. The Licensee shall with each such notification provide the Minister with a statement, in a form approved by the Minister, advising of the quantity of the substance sold and the amount realised upon such sale during the last preceding month, together with such other information as the Minister may require.

(b) The Licensees shall not later than thirty (30) days after the conclusion of each calendar month pay to the Minister the amount of royalty specified in the notice referred to in clause (4)(a) as payable.

(c) On or before each 15th March (in respect of the next succeeding twelve (12) month period commencing 1st July), the Licensee shall \textit{bona fide} estimate the sales volume of the substance, the sales value of the substance, the allowable deductions apportioned between capital and operational deductions and hence calculate the estimated royalty payable for the next succeeding twelve (12) month period and shall provide the Minister with such estimates, together with the apportionment thereof on a monthly basis. A review of such forecast will be required if significant change to the forecast is evident. The Licensee will be required to provide a \textit{bona fide} forecast as necessary for up to a period of 5 financial years including detail as referred to above but excluding a monthly apportionment for all but the proceeding twelve (12) month period.

(d) Not later than thirty (30) days after the completion of each twelve month period concluding on each 30th June the Licensee shall reconcile the estimated expenditure with the actual expenditure and reconcile all calculations of royalties and shall provide the Minister within the said period of 30 days with copies of such reconciliations, together with a notice advising the Minister of any additional royalty calculated in accordance with the reconciliations as payable by each Licensee. If any such reconciliation shows that the total of the amounts of royalty paid during the last preceding 12 months was in excess of the amount of royalty which should have been paid for that period, the difference may be set off against royalty payable in the next succeeding months provided however that any expenses allowed as a deduction under clause (2)(b) to clause (2)(e) inclusive shall not be carried forward for a period of greater than 12 months from the month of expenditure.

(e) The Licensee shall not later than thirty (30) days after the completion of each twelve month period concluding on each 30th June pay to the Minister the additional royalty calculated in accordance with the reconciliation referred to in clause 4(d) as payable by the Licensee.

(f) The Licensee shall at its cost cause the royalty calculation reconciliations submitted by the Licensee to be audited by the auditor appointed by the Licensee to audit its own accounts (provided that such auditor must be a duly registered auditor in Australia) and the Licensee shall forward a copy of the auditor’s report in respect of a particular reconciliation within 3 months of the receipt of such reconciliation by the Minister, such report to be accompanied by a certificate by the auditor that the
reconciliation is in accordance with these guidelines.

(g) The Minister shall in accordance with Section 43(8) of the Act assess the value at the wellhead of the substance produced by the Licensees and may require the Licensee to pay within 30 days of the date of notice of such assessment the additional royalty determined by the Minister as payable.

WHEREAS:

A. The Native Title Party claims native title in all of the Claimed Land and has filed a Native Title Application under section 13(1) of the Native Title Act 1993 (Commonwealth) (as amended) with the Federal Court of Australia in proceeding Number SG/ 6024/98 for a determination of native title in respect of the Claimed Land.

B. Explorer has lodged an application for the grant of a PEL with the South Australian Minister for Minerals & Energy under the provisions of the Petroleum Act.

C. All or part of the land the subject of the application for the grant of the PEL is within the Claimed Land.
D. Explorer does not dispute that members of the Native Title Claim Group assert native title rights and interests over Claimed Land including within the Licence Area.

E. The Parties having negotiated in good faith, intend that this Agreement shall provide:

(a) certain terms and conditions with which Explorer has agreed to abide in the course of carrying out Petroleum Operations on the Licence Area; and

(b) the methodology for the identification and protection of Areas of Significance.

F. Explorer's obligations under this Agreement are not dependent upon the Native Title Party establishing native title over the Licence Area or obtaining a determination of native title.

G. 10.1 Subject to the provisions of clauses 11, 12 and 13 and Schedule 3 hereof, Explorer shall provide the Association at least sixty-eight (68) days in advance of Petroleum Operations being conducted in an Operational Area a written request for a Clearance on that Operational Area accompanied by particulars in writing of the following parts of Explorer's proposed work programme, namely:

(a) the proposed location of seismic lines and access roads;

(b) the proposed approximate location of Work Sites;

(c) the proposed method of seismic operations (specifically whether two or three dimensional seismic operations over specific areas) and other consequential operations, including exploration drilling and testing and the proposed construction or use of access roads in such operations;

(d) the major items of equipment proposed to be used;

(e) the location of any proposed earthworks for the disposal of any waste material arising out of Petroleum Operations;

(f) the location of any proposed earthworks for minimising environmental disturbance or pollution, including oil spills and blowouts;

(g) the proposed site and nature of any buildings or structures (including pipelines and associated facilities); and

(h) any other aspect of the Petroleum Operations which is likely to have an adverse impact upon or cause substantial disturbance to native title rights and interests in any part of the Licence Area.
10.2 Prior to the expiration of fourteen (14) days (or such other period as the parties agree) after Explorer has requested a Clearance and provided the particulars of its proposed work programme in accordance with the preceding paragraph of this clause 10, Explorer and the Association by their respective representatives and advisors, shall meet. The purpose of such meeting shall be:

(a) to discuss the proposed work programme and its practical implementation including matters such as access to existing tracks, topography, the work programme envisaged (including disturbance to the physical environment) and the major items of equipment to be used;

(b) to identify aspects of the proposed work programme and proposed Clearance where efficiencies can be implemented; and

(c) to discuss arrangements for preliminary access by Explorer for Reconnaissance Surveys so as to avoid adverse impact on native title rights and interests in the physical environment.

(a) the objection is made in writing within fourteen (14) days of receipt of the work programme; and

(b) the matter objected to is likely to have a material adverse impact or cause substantial disturbance to native title rights and interests in the Licence Area.

10.5 In the event that the Association has a specific objection to any part of the particulars of the proposed Petroleum Operations supplied by Explorer under paragraph 10.1, or to any substantial change therein of which notice has been given under paragraph 10.8:

(a) the Association shall refer such objection for resolution pursuant to clause 27 within fourteen (14) days of being supplied with such particulars or given such notice;

(b) that part of the existing, intensified or changed operational programme to which objection is taken shall not commence until the objection is resolved pursuant to clause 27;

(c) provided always that objection may only be taken where the matter objected to is likely to have a material adverse impact upon or cause substantial disturbance to native title rights in the Licence Area; and
(d) if no such specific objection is raised within the said fourteen day period by the Association, Explorer may proceed on the basis that the particulars provided by Explorer pursuant to this clause 10 constitute the details of the work programme for its Petroleum Operations.

10.6 Where the Association receives a request for Clearance pursuant to paragraph 10.1 in respect of an Operational Area or part thereof and the Operational Area or part thereof has been the subject of prior inspection and Clearance (where the previous work programme is substantially similar to the current request) in accordance with the terms and conditions of this Agreement, the Association shall by notice in writing within two (2) weeks of the request notify Explorer that such Operational Area or part thereof shall be deemed to have been inspected and cleared in accordance with the requirements of this Agreement and subject to any conditions applicable to that Clearance.

10.7 There can be no material modification or alteration of any part of a work programme without the written consent of the Association. For this purpose, 'material modification or alteration' means a modification or alteration:

(a) of any Operational Area other than a reduction in the size of that area; or

(b) of any Petroleum Operations to be carried out at an Operational Area which is reasonably likely to result in a substantially greater environmental impact than that arising from the existing work programme.

10.8 Explorer shall give notice to the Association if Explorer at any time proposes to implement a material modification or alteration. Where Explorer gives such notice after obtaining a Clearance the parties shall proceed in accordance with paragraph 13.6.

10.9 Subject to the Aboriginal Heritage Act 1988 (South Australia), where Explorer has duly complied with the processes required of it:

(a) pursuant to paragraph 10.1, and no Clearance is conducted within 68 days (or such later time as the parties in writing agree); or

(b) pursuant to paragraph 10.8 for the circumstances set out in sub-paragraph 13.6(b), and no Clearance is conducted within 14 days (or such later time as the parties in writing agree); or

(c) pursuant to paragraph 10.8 for the circumstances set out in sub-paragraph 13.6(c), and no Clearance is conducted within 2 days (or such later time as the parties in writing agree)

then it is acknowledged Explorer shall be at liberty to proceed with its Petroleum Operations at its risk.
11. INSPECTION AND CLEARANCE

11.1 The parties shall conduct all activities under this clause in accordance with Schedules 3 and 4.

11.2 The parties acknowledge that this Agreement is made for the purpose, inter alia, of providing a Clearance as a workable and effective arrangement to avoid disturbance to Areas of Significance and thereby avoid disputes between them.

11.3 Explorer will nominate a representative to assist the Scouting Team for the duration of the Clearance. Explorer’s representative shall:

(a) be responsible for identifying the location of proposed seismic lines, access roads and other areas of proposed activity; and

(b) where possible, for relocating these where, upon advice from the Scouting Team, there is likelihood of Areas of Significance being disturbed by Petroleum Operations; and

(c) have authority to agree any conditions with the Scouting Team so as to minimise the impact of Petroleum Operations to Areas of Significance, for the purposes of a Report required to be issued pursuant to clause 13 hereof.

11.4 Explorer's representative shall accompany the Scouting Team when required to do so subject to the Scouting Team's ability to exclude Explorer's representative from its internal discussions and deliberations in the field.

11.5 In the event that a proposed Operational Area is not cleared by the Scouting Team the Specialist shall advise Explorer's representative to that effect and Explorer's representative may propose alternative Operational Areas during the course of the Clearance provided that:

(a) any such alternative Operational Areas do not constitute a material modification or alteration to the work programme referred to in paragraph 10.8; and

(b) in undertaking any Clearance of alternative Operational Areas the Scouting Team is not required to remain in the field for any additional period of time beyond two days, unless agreed otherwise.

11.6 Subject to the *Aboriginal Heritage Act 1988* (South Australia) Explorer shall be absolutely entitled to rely on Clearances provided by the Native Title Party and facilitated by the Association pursuant to this Agreement in which case neither the Native Title Party nor the Association shall complain that Petroleum Operations conducted in accordance with clauses 10, 11, 12 and 13 hereof interfered with any Areas of Significance. Explorer shall be entitled to plead this provision in defence of any complaint of interference to Areas of Significance made by any person pursuant to any Applicable Law.
11.7 Explorer will:

(a) not conduct any Petroleum Operations on the Licence Area except within a Seismic Line Access Corridor or Work Site which has been cleared in accordance with clauses 11, 12, and 13 and Schedule 3 hereof;

(b) comply with the conditions of the Clearance (as referred to in clause 13 hereof); and

(c) instruct its contractors, its employees, agents and visitors accordingly in relation to its obligations under sub-paragraphs (a) and (b) hereof.

12. **SCOUTING TEAM**

12.1 At the cost of Explorer in accordance with a Budget, the Native Title Party and the Association will identify and the Association will organise the members of a Scouting Team for the purposes of this clause 12 and Schedule 3 and will ensure that the Scouting Team is ready to commence Clearance work within forty (40) days after the provision of particulars of the proposed work programme in accordance with Schedule 3.

12.2 Subject to cultural and traditional considerations, and any restrictions caused by inclement weather conditions which may prevent movement in the Operational Area and surrounding region, the task of the Scouting Team shall be to:

(a) determine whether the seismic lines, access roads or work sites or any other activities described in the work programme are likely to disturb, damage, or interfere with Areas of Significance;

(b) give advance warning to Explorer's representative nominated to assist the Scouting Team to enable Explorer's representative to relocate parts of seismic lines, access roads or Work Sites or any other activities described in the work programme, in order to avoid and protect Areas of Significance;

(c) show reasonable diligence in preparing for and carrying out such work while Explorer meets its obligations pursuant to this Agreement; and

(d) make every reasonable endeavour to proceed with its work at a rate that will avoid any delay to Explorer's Petroleum Operations.

12.3 Scouting Team Composition

The Scouting Team will comprise:

(a) up to two (2) qualified Specialists of appropriate gender to be engaged by the Association with the concurrence of Explorer (which concurrence will not be unreasonably withheld); and

(b) the number of persons required to ensure the integrity of the Clearance up to a maximum of eight (8) persons consisting of such numbers of men and
women as thought by the Native Title Party and the Association to be appropriate in accordance with Aboriginal culture and tradition.

12.4 The Native Title Party and the Association acknowledge that in most areas up to four (4) persons will be sufficient to ensure the integrity of the Clearance, however they reserve the right to include up to a maximum of eight (8) people in the event that they believe it is necessary and appropriate to do so. The Association agrees to consult with Explorer about the number of persons to be included in a Scouting Team not later than the start of negotiations for setting a Budget in accordance with clause 14.

13. REPORTS

13.1 The Association must promptly notify Explorer upon completion of a Clearance and as soon as practicable but no later than fourteen (14) days after the completion of the Clearance, the Native Title Party and the Association must provide a Report (through a Specialist) to Explorer.

13.2 The Report must:

(a) identify those parts of the Operational Area which are given Clearance by the Native Title Party or denied Clearance by the Native Title Party;

(b) identify any alternative Operational Areas for which Clearance is given in accordance with the requirements set out in paragraphs 11.5 and 12.2(b);

(c) describe any conditions on which the Native Title Party has provided the Clearance so as to minimize the impact of Petroleum Operations to Areas of Significance; and

(d) be signed by the Specialists.

13.3 Nothing in this Agreement compels the Native Title Party nor any member of the Scouting Team or the Association to disclose to Explorer or to the Explorer's representative the location of Areas of Significance, or any Cultural Confidences whatsoever with respect to the Licence Area.

13.4 The Native Title Party and the Association shall ensure that any Aboriginal persons accompanying the Scouting Team shall have knowledge of the Operational Area to be cleared and shall have the traditional knowledge and authority to determine whether there are any Areas of Significance within the Operational Area to be cleared.

13.5 In the event that the Scouting Team determines it is necessary to deviate any proposed seismic line or access road, such deviation shall be made as small as possible and any deviated line or road will be returned to the original planned line or road as soon as practicable, bearing in mind the proximity of any Areas of Significance and the need to minimise unduly sharp line deflections. In the event that relocation of a proposed drill site for an exploration appraisal or development
well is being considered, any movement of the proposed drill site shall be
minimised so far as possible.

13.6 In the event that Explorer has obtained a Clearance pursuant to this Agreement and
subsequent events cause Explorer to require any material modification or alteration
(as defined in paragraph 10.7) to any part of the programme of Petroleum
Operations or an existing cleared Seismic Line Access Corridor or Work Site which
is likely to have an adverse impact upon native title rights in any part of the Licence
Area:

(a) Explorer shall notify the Association as soon as practicable and request that
the Scouting Team inspects and clears each area to be included in such
proposed material modification or alteration in accordance with the
provisions of this Agreement;

(b) in such cases (other than circumstances set out in the next sub-paragraph of
this paragraph) the Native Title Party and the Association shall use their
respective best endeavours promptly and as soon as practicable to respond
to such request, either by notifying Explorer in writing of its consent to such
material modification or alteration or ensuring the commencement by a
Scouting Team of the inspection for Clearance of those areas as requested
by Explorer; and

(c) in cases where Petroleum Operations are in the course of being conducted
and the Scouting Team has inspected the areas requested by Explorer in
accordance with sub-paragraph (a) of this paragraph 13.6 the Scouting Team
will report to Explorer the results of its inspection prior to leaving the area
and confirm those results in a Report.

14. BUDGETS AND PAYMENT BY EXPLORER FOR CLEARANCE WORK

14.1 The Association must, unless otherwise agreed, within fourteen (14) days after
receipt of a request for a Clearance pursuant to paragraph 10.1 submit to Explorer a
proposed Budget containing an estimate of all of the costs and expenses associated
with the requested Clearance to enable Explorer and the Association to negotiate
and agree a Budget.

14.2 Budgets must be proposed in substantially the form set out in Schedule 5 and be
negotiated, agreed and adopted by Explorer and the Association in writing within
seven (7) days of the Association providing a proposed Budget to Explorer.

14.3 Explorer will make payment of expenditure in accordance with the agreed Budget,
to the Association in three separate instalments as follows:

(a) forty percent (40%) seven (7) days prior to the mobilisation of the Scouting
Team; and

(b) thirty percent (30%) at the end of field inspection for the Clearance; and
(c) thirty percent (30%) or the balance thereof following receipt of the Report and an invoice of all expenditure.

14.4 Explorer must pay all reasonable costs, fees, disbursements and expenses incurred by the Association in carrying out a Clearance, in accordance with a Budget and subject to any agreement in writing to the contrary between the Parties. In particular, Explorer will reimburse the Association in accordance with an agreed Budget for the Association's reasonable costs for, inter alia:

(a) the services of the members of the Scouting Team (including the costs of preliminary consultation with a Specialist);

(b) provision of suitable camping facilities and food and a camp cook for the Scouting Team;

(c) provision of sufficient and appropriate all-terrain four-wheel drive (4WD) vehicles equipped with appropriate spare parts;

(d) vehicle insurance, fuel and costs of any necessary and unavoidable repair required; and

(e) administration costs associated with the implementation of the Clearance, in accordance with the Budget.

14.5 In the event that there are at any time more persons forming part of the Scouting Team than specified in the Budget then Explorer shall not be responsible for the expense of the additional persons, unless otherwise agreed between the parties.

14.6 All monies payable by Explorer pursuant to a Budget shall be paid to the Association or to any legal representative from time to time notified by the Association to Explorer. A receipt from the Association or such legal representative shall be a full and sufficient discharge to Explorer for any payments so made.

14.7 The parties acknowledge that no contractual relationship of any sort whatsoever as between Explorer and any person employed or engaged by the Association to form part of any Scouting Team arises by virtue of this Agreement, and that nothing contained in this Agreement will be interpreted or deemed to constitute any employment or contractual relationship as between such persons and Explorer. The Native Title Party and the Association will ensure compliance with all Applicable Law including the Workers Rehabilitation and Compensation Act 1986, the Occupational Health, Safety and Welfare Act 1986, the Income Tax Assessment Act 1936 or the Income Tax Assessment Act 1997 (both Commonwealth) as appropriate and any other legislation relevant to the terms or basis upon which the Association engages or retains any person for the purposes of performing its obligations under this Agreement.

14.8 Explorer is responsible for and indemnifies and agrees to keep indemnified the members of the Scouting Team from and against all and any claims of whatever
nature and however arising for personal injury or death or damage or destruction of personal property of the Scouting Team or any member of the Scouting Team to the extent caused or contributed to by any negligent act or omission of Explorer, its employees, contractors or subcontractors.

14.9 Explorer may nominate the use of such of its existing facilities and equipment as is practicable in the circumstances of a proposed Clearance in which case consideration will be given to such use and, where used, due allowance made in the Budget for that Clearance.

15. **REMOVAL OF EMPLOYEES**

15.1 Unless the Association otherwise agrees, Explorer shall take all reasonable steps to ensure prompt removal from the Licence Area of any contractor, employee, agent, or visitor of Explorer, who:

(a) has recklessly or wilfully trespassed on or in any way interfered with any Areas of Significance; or

(b) has negligently or wilfully conducted Petroleum Operations outside any Seismic Line Access Corridor or Work Site cleared in accordance with clauses 11, 12 and 13 and Schedule 3 hereof except where there is no damage to the interests of the Native Title Party; or

(c) has acted in a disorderly manner on the Licence Area or has supplied liquor or prohibited drugs or substances in an unauthorised fashion to members of the Native Title Claim Group.

15.2 In the event of a dispute between the Association and Explorer as to whether a person has acted in a manner justifying removal from the Licence Area the matter shall be referred for resolution pursuant to clause 27.

16. **INSTRUCTION IN ABORIGINAL CULTURE**

16.1 Explorer will use reasonable endeavours to educate all employees, contractors and sub-contractors who may be involved in Petroleum Operations contemplated by this Agreement to ensure those persons have an awareness and an understanding of:

(a) their obligations under the *Aboriginal Heritage Act 1988 (South Australia)*, the *Aboriginal and Torres Strait Islander Heritage Protection Act (1984) (Commonwealth)*, the Native Title Act and this Agreement in relation to avoiding disturbance, damage and interference to any Area of Significance; and

(c) any other matters of which those persons are required to be cognisant by this Agreement.

functions specified in this clause shall be nominated by Explorer with the 
concurrence of the Association (which concurrence shall not be unreasonably 
withheld).

Operations a knowledge, understanding and respect for the tradition and culture of 
the Native Title Claim Group.

16.5 Explorer shall ensure that by way of background and orientation all non-Aboriginal 
employees and personnel are given appropriate instruction on such aspects of the 
Native Title Claim Group's traditions, history and culture as are known to or 
reasonably obtainable by Explorer.

relation to the formulation and presentation of the instruction referred to in the

to be an Area of Significance or Aboriginal object, then in addition to
obligations under the Aboriginal Heritage Act 1988 (South Australia) and
the Aboriginal and Torres Strait Islander Heritage Protection Act 1984
(Commonwealth) Explorer will promptly report the location of such site or
object to the Association.

(d) the location of the site or object will be treated by Explorer as though no
Clearance in relation to it had previously been given and any relevant object

Clearance in accordance with this Agreement.

(a) to move freely throughout Operational Areas including all roads thereon; and

(b) to pursue customary and traditional activities in Operational Areas.

19.2 The Native Title Claim Group, its members and agents shall be permitted the use of all roads constructed for the purpose of Petroleum Operations provided such use does not interfere with the conduct of efficient Petroleum Operations.

26.4 For the purposes of the GST Act, Explorer shall be regarded as having requested a tax invoice from the Association in respect of each taxable supply. Any tax invoice issued may be issued in addition to any other invoice that relates to the taxable supply.
26.5 If an adjustment event has occurred in respect of a supply made pursuant to or in connection with this Agreement, the party that becomes aware of the adjustment event agrees to notify the other party on becoming aware of the adjustment event, and the parties agree to take whatever steps are necessary and to make whatever adjustments are required to ensure that any GST or additional GST on that supply or any refund of any GST (or part thereof) is paid as soon as is practicable but no later than twenty-one (21) days after the Association becomes aware that the adjustment event has occurred.

26.6 The Association will issue to Explorer an adjustment note in respect of a supply that is subject to an adjustment event covered by paragraph 26.5 of this clause. Such adjustment note will be issued no later than twenty-one (21) days after the Association becomes aware that the adjustment event has occurred or refunds any GST (or part thereof) in respect of that supply.

27.2 Priority of Procedures

Unless otherwise provided in this Agreement, if a dispute arises between the parties concerning this Agreement no party may commence any court proceedings relating to the dispute unless it has complied with the following paragraphs of this clause, except where the Party seeks urgent interlocutory relief.

Any Party claiming that a dispute has arisen under this Agreement between Explorer and either or both of the Native Title Party and the Association ('Complainant') must give written notice ('Notice of Dispute') to the other parties ('Respondent'). The notice must adequately identify and provide details of the dispute and refer to any documentary evidence of the matters claimed in the dispute and designate a senior representative of the Complainant who has the authority to negotiate and settle the dispute.

27.4 Response to Dispute

Within fourteen (14) days after the Respondent receives a Notice of Dispute, the Respondent must give written notice to the Complainant. That notice must adequately define the Respondent's response to the dispute and provide details and refer to any documentary evidence in support of its response to the dispute and designate a senior representative for each Respondent who has the authority to negotiate and settle the dispute.

(a) If, within one month of the date of the Notice of Dispute, the parties are either unable to resolve the dispute or no meeting has been held, the parties must mediate the dispute in accordance with the guidelines set out in Schedule 6 hereto, or as otherwise agreed by the parties, and shall seek to
agree upon the appointment of an independent mediator with relevant experience of the matter in dispute or, failing agreement within fourteen days, the mediator shall be appointed by the President of the Law Society of South Australia for the time being.

(b) The President of the Law Society of South Australia (in determining who to appoint as the mediator) shall have regard to the parties' intentions in this Agreement:

and shall take account of the fact that this Agreement constitutes a cross-cultural commercial agreement.

(c) The mediator, in conducting the mediation shall have regard to:

(ii) the statutory rights, obligations and commercial imperatives of Explorer.

(d) If within one month after the date of the mediator's appointment, mediation has not taken place, or has failed to resolve the dispute, or in the event no mediator has been appointed within one month of the Notice of Dispute, then any of the parties may by notice terminate the mediation process and may seek such remedies as they decide.

(e) Any date or period of time referred to in this clause may be varied or amended by agreement between the parties.

(f) None of the parties may commence court proceedings or arbitration concerning this Agreement unless it has first complied with the dispute resolution provisions contained in this clause. The parties agree that this Agreement may be pleaded as a bar to any court action commenced prior to termination of the mediation process other than an application for urgent interlocutory relief.

(g) In any case, each party shall bear its own costs for the mediation.

27.7 Without Prejudice

The parties acknowledge that the purpose of any exchange of information or documents or the making of any offer of settlement pursuant to this clause is an attempt to settle the dispute between the parties. No party may use any information
or documents obtained through the dispute resolution process established by this clause for any other purpose.

28. **CESSATION OF ACTIVITIES**

28.1 Explorer shall notify the Association one month prior to any surrender of a Licence in respect of the Licence Area pursuant to the Petroleum Act.

28.2 A surrender under the preceding paragraph of this clause is effective on and from the time when the Licence is effectively surrendered in respect of the Licence Area pursuant to the Petroleum Act.

28.3 Explorer shall cease Petroleum Operations immediately its Licence expires or is surrendered, withdrawn, revoked or cancelled in respect of the Licence Area.

28.4 Upon the surrender withdrawal revocation or cancellation of Explorer’s Licence in respect of the Licence Area:

(a) Explorer shall pay to the Association any and all monies then payable or accrued which are due to the Association pursuant to this Agreement; and

(b) each party shall remain liable to the other party in respect of any liability it has to the other as a consequence of any prior breach of this Agreement.

28.5 Nothing in this Agreement shall be construed as imposing an obligation on Explorer to carry out or complete any Petroleum Operations.

Acting Registrar
SCHEDULE 3 : CLEARANCE PROCEDURES

1. The Association in consultation with the Native Title Party will provide a Scouting Team or Teams to undertake inspection and clearing of locations for Petroleum Operations within the Licence Area if and when the requirement arises in accordance with clause 12 of this Agreement.

2. The Association in consultation with the Native Title Party will ensure that if required, both a male and a female Specialist are available to join the Scouting Team depending on the part of the Licence Area under consideration at any given time and the Area or Areas of Significance that may be therein.

3. A Specialist (engaged according to paragraph 12.3(a) of this Agreement) will co-ordinate the Scouting Teams provided for in clause 12 of this Agreement and will be responsible for conveying the results of the Scouting Team's inspections and assessments for Clearance of Explorer's proposed Petroleum Operations under the terms of this Agreement.

4. Subject to the terms of this Agreement the Native Title Party and the Association will ensure that a Scouting Team is available to undertake additional inspections and Clearances for seismic lines, access roads and Work Sites as and when such sites are required by Explorer in the course of carrying out Petroleum Operations. Where such additional inspection and Clearance is required, the Native Title Party and the Association will ensure that the Scouting Team operates on a regular work schedule that as near as practicable coincides with and accommodates Explorer's work schedule.

5. The Association will arrange suitable camping facilities for the Scouting Team.

6. The Association in consultation with the Native Title Party will ensure that persons who are members of the Native Title Party (but in any event not exceeding the number of persons agreed with Explorer) with traditional knowledge of Areas of Significance in the particular Operational Area, together with appropriate support equipment, are available for all Clearance purposes.

7. The Association will provide sufficient and appropriate all-terrain four-wheel drive vehicles for use by the Scouting Team while it is undertaking the inspection and Clearance process.

8. The said vehicles will be insured by the Association and equipped by the Association with sufficient spare parts for the duration of the Clearance task.

9. The Association will cause a log-book to be kept and will ensure that the following information is recorded in the log book in relation to the use of the four-wheel drive vehicles:
(a) Date;
(b) Place of departure;
(c) Destination;
(d) Reason for the journey;
(e) Name of driver; and
(f) Number of kilometres travelled

in respect of each occasion that the four-wheel drive vehicles are used for or incidental to carrying out a Clearance and will make the log-book available to Explorer upon request.

10. Explorer will reimburse the Association in accordance with an agreed plan and Budget for the Association's reasonable costs for:

(a) engaging the services of the persons comprising the Scouting Team;
(b) providing camping facilities and food to the Scouting Team; and
(c) providing sufficient and appropriate 4 wheel drive vehicles for use by the Scouting Team

in accordance with a Budget.

11. In the event that there are at any time more persons forming part of a Scouting Team than agreed with Explorer and accounted for in a Budget then Explorer shall not be responsible for the expense of the additional persons in such group, unless otherwise agreed between the parties.

12. Remuneration

Explorer will pay to or reimburse the Association the cost of engaging the services of the Scouting Team, for each Specialist and for each of the agreed number of Scouting Team members at the respective rates negotiated and agreed during negotiation of a Budget for each day required for compliance with clauses 11, 12 and 13 and this Schedule 3 and for travel to and from his or her place of residence within Australia, and reasonable travel costs, all in accordance with a Budget.

13. Food for Scouting Team

Explorer will allow a food allowance for each member of the Scouting Team at the rate of $35 per day, fixed for the first twelve (12) months of this Agreement, for each day spent undertaking the Clearance and each day spent travelling to and from the Licence Area for that purpose.
14. Four Wheel Drive Vehicles

Explorer will pay to the Association:

(a) where the Association provides four-wheel drive vehicles, the sum of fifty-five cents per kilometre in respect of the total number of kilometres properly recorded in the log book, in accordance with paragraph 9 of this Schedule 3, and the cost of fuel, where a four-wheel drive vehicle travelled distances for or incidental to conducting a Clearance; or

(b) the reasonable cost of hire of four-wheel drive vehicles and the cost of fuel and vehicle insurance, where the vehicle is hired and used for, or incidental to conducting a Clearance provided that the log book details are properly recorded in accordance with paragraph 9 of this Schedule 3.

SCHEDULE 6 : GUIDELINES TO MEDIATION

The following is a guideline to the mediation process should a dispute arise and be referred to mediation pursuant to clause 27.

1. **Role of Mediator**

   1.1 The mediator will be neutral and impartial. The mediator will assist the parties to attempt to resolve the dispute by helping them to:

      (a) systematically isolate the issues in dispute;
      (b) develop options for the resolution of those issues;
      (c) explore the usefulness of these options; and
      (d) meet their interests and needs.

   1.2 The mediator may meet with the parties together or separately.

   1.3 The mediator will not give legal or other professional advice to any party, impose a resolution on any party or make a decision for any party.

   1.4 The mediator will not accept an appointment in relation to any proceedings concerning the dispute.

   1.5 Neither party will take action to cause the mediator to breach paragraph 1.4.

2. **Conflict of Interest**

   The mediator must prior to commencement of mediation disclose to the parties to the best of the mediator's knowledge any prior dealings with any of the parties as well as any interests in the dispute. If in the course of the mediation the mediator becomes aware of any circumstances that might reasonably be considered to affect the mediator's capacity to act impartially, the mediator must immediately inform the parties of those circumstances.

3. **Co-operation**

   The parties must co-operate in good faith with the mediator and each other during the mediation.

4. **Conduct of Preliminary Conference**

   As part of the mediation, the mediator will establish a preliminary conference at a time and venue convenient to the parties to establish a timetable for mediation.

5. The parties must attend the mediation with authority to settle within any range that can reasonably be anticipated. At the mediation each party may have one or more other persons including legally qualified persons to assist and advise them.
6. **Communications between Mediator and Parties**

Any information disclosed to a mediator in private is to be treated as confidential by the mediator unless the party making the disclosure states otherwise.

7. **Confidentiality of the Mediation**

The parties and the mediator will not disclose to anyone not involved in the mediation any information or document given to them during the mediation unless required by law to make such disclosure.

8. The parties and the mediator agree that other than in the course of enforcement of the settlement agreement for the dispute by judicial proceedings, the following will be privileged and will not be disclosed in or be the subject of a subpoena to give evidence or to produce documents in any proceedings in respect of the Dispute:

   (a) any settlement proposal whether made by a party or the mediator;
   (b) the willingness of a party to consider any such proposal;
   (c) any statement made by a party or the mediator during the mediation; and
   (d) any information prepared for the mediation.

9. **Termination of the Mediation**

A party may terminate the mediation at any time after consultation with the mediator.

10. **Settlement of the Dispute**

If settlement is reached at the mediation, the terms of the settlement must be written down and signed by the parties before they leave the mediation.

11. **Enforcement of the Settlement Agreement**

Any party may enforce the terms of the settlement agreement by judicial proceedings. Any party may call evidence:

   (a) for the purposes of this clause; and
   (b) of the settlement agreement including evidence from the mediator and any other person engaged in the mediation.
12. **Exclusion of Liability**

The parties acknowledge that any mediator appointed will not be liable to them for any act or omission in the performance of the mediator's obligations under this Agreement. The parties undertake to indemnify the mediator against any claim for act or omission in the bona fide performance of the mediator's obligations under this Agreement.

13. **Costs**

The parties are separately liable to the mediator in equal proportions for the mediator's fees.
